**Subject:** local shows

Hi -

I saw two of your shows at Paparazzi in Westbury on Long Island a couple of years ago. I arranged for my co-workers to see the second show -

August 2007? - with me, and they had such a blast, they've been bugging me to get more info on a local show we could all see. Are you going to be around the Carle Place-Westbury-Garden City - Mineola area any time in the future? We enjoyed the show so much, and there is no better way to cement employee camaraderie than to go out together...

Thanks

Elise
