Dear Jon:

Yes, Barney and I loved the performance, and I, especially you. You were totally hilarious, and kept me (and Barney) in stitches! He got to forget, for a while, what he has been suffering, and that was just great. I know that he plans, in the fall, to entertain some of his Danish and Norwegian customers (he is in the Produce business) aboard The Tahiti Queen just to see you! I'd love to be on your mailing list to see where else you perform; it was a blast!

Thanks for everything, and please keep in touch.
